Darklord of the Lands Between has a great story. I found it to be fascinating from start to finish, and it is easily one of the best fantasy stories I have ever read. The story unfolds in a manner that is

somewhat like reading, and it is easy to immerse yourself in it. The gameplay also feels very in your face, thanks to the randomized dungeons, in which you must look through a loot generator that provides items while looking for hidden treasure. The world and characters also exude a certain charm, and the living characters in particular are quite memorable. I liked how they changed over time, as the game progresses. It may sound like I hated it, but it is actually quite the opposite. In the first area or two, I got very frustrated at the fact that the story kept getting interrupted and had to restart several times. I couldn't see where the story was going, because I just had to explore everything. Later on, though, I was able to play things more methodically, and that was much more enjoyable. All in all, I think the game will appeal to role-playing game fans who enjoy stories with a bit of romance and who want to play something just a little different from their usual fare. Rival Middleweight's Josesito Lopez and Esteban López fought in December as part of a 10-bout card held by the Presidency of Boxing in San José, Costa Rica. Both 13-2 (7 KOs)

fighters dominated their opponents throughout the fight and won via unanimous decision. A fight between Luis “Tough” Santa Cruz and Julio “El Matador” Angulo was added to the card. Luis suffered a routine cut on his right eyelid and he was taken to his dressing room for immediate medical attention, further delaying the fight. A backup bout was held between Angulo and Carlos Aguilar. The fight was won by Carlos who earned himself the opportunity to fight Santa Cruz on September 14. The card also held Josesito Lopez vs Esteban López
